Presented at the Annual Meeting, 19th February, 1902.

The Council of the Sussex Record Society have to lay their Report and the Statement of Accounts for the year 1901 before the Members.

After full consideration the Council resolved that a Calendar of Marriage Licences preserved in the Consistory Court for the Archdeaconry of Lewes, the MS. of which was kindly placed at their disposal by Mr. E. Considerable progress has been made with the Volume and the Council expects to issue it to the Members during the summer.

In accordance with the Rules the present Officers and Council retire, and, being eligible, offer themselves for re-election.

CALENDAR

OF

SUSSEX MARRIAGE LICENCES

RECORDED IN THE CONSISTORY COURT OF THE BISHOP OF CHICHESTER FOR THE

Archdeaconry of Lewes,

AUGUST, 1586, TO MARCH, 1642-3.

BY

EDWIN H. W. DUNKIN, F.S.A.

ISSUED TO SUBSCRIBERS OF THE SUSSEX RECORD SOCIETY FOR THE YEAR 1901.

PREFACE.

1236712

THE Marriage Licences calendared in the present volume are found in two Act Books marked on the covers E. 1 and E. 2 in the Bishop's Registry at Lewes. E. 1 contains licences issued between 2 Aug. 1586 and 30 March 1613, and E. 2 those between 3 Apr. 1613 and 23 March 1642-3. The entries in these books not only give the names of the parties proposed to be married, but also the names of the sureties to the bond which was usually in a penal sum of £100 for the due performance of the marriage. As one at least of the sureties was either a relative or friend of the intended bride or bridegroom, it will be readily understood that such information is of very great utility to the student engaged in genealogical research. The licences were issued by surrogates of the Consistory Court of the Bishop of Chichester for the Archdeaconry of Lewes. The Court had jurisdiction over the whole of East Sussex, with the exception of eleven parishes in the Deanery of South Malling,* all of which were peculiars of the Archbishop of Canterbury, and of the parish of Battle, a peculiar of the Dean of Battle. As no original bonds of so early a date as the sixteenth and seventeenth centuries exist at Lewes, these Act Books contain the only record of the licences granted during that period. The entries are in Latin, but occasionally the name of the trade is in English. In the present Calendar the information has been condensed as much as possible and a strict chronological arrangement adopted. The old spelling of surnames has been retained, but Christian names have been in nearly all cases Anglicized. So also the quaint spelling of names of places and of trades and professions, when given in English, has been preserved. The church in which the marriage

was to be performed is not specified in the Act Books before the year 1605. After that date this information is generally given in the body of the Act, but in the present Calendar, to economise space, the name of the church appears within brackets at the end of each entry.

Mention should be made here of thirteen marriage licences and one caveat, belonging to the years 1574, 1575, 1581, 1583 and 1631, promiscuously entered among the Grants of Administration in a Book marked B. 1, now deposited in the Probate Registry at Lewes. Mr. Hamilton Hall, F.S.A., has noted these licences in his "Calendar of Sussex Wills" (p. 447), issued by the British Record Society, Ltd., to which the reader is referred for particulars.

I would take this opportunity of expressing my indebtedness to the Registrar, Mr. Edmund Charles Currey, in affording me on so many occasions every facility for the examination of the Act Books and other old documents in the Bishop's Registry at Lewes. My warmest thanks are also due to Mr. H. Elliot Currey and Mr. E. Andrews Nicholson, and indeed to all the Clerks in the Office for their uniform courtesy and readiness to render me every assistance in their power. Nor should I omit to express my acknowledgments to Lieut.-Col. F. W. T. Attree, R.E., F.S.A., for very kindly drawing my attention to the existence of the Lewes series of Marriage Licence Books some fifteen years or more ago, as it is from an abstract of their contents made shortly afterwards, and now in my possession, that I have been able to prepare this Calendar for the Record Society.

Special care has been taken in the compilation of the Indexes. Every reference has been checked with the text before passing the proof-sheets, so that the probability of error has been reduced to a minimum.
